

Rahul Krishnan

UI/UX and Visual Designer • Portfolio

Dubai, UAE • +971 526702059 • rahulmdr54@gmail.com • linkedin.com/in/rahul-krishnan

Summary

I'm a UI/UX and Visual Designer with 6 years of design experience, combining user-centered thinking with a strong foundation in graphic design. My strengths in branding, typography, layout, color, and visual storytelling help me create polished and engaging digital experiences. From research, user flows, and wireframes to prototyping and design systems, I use Figma to transform user needs and business goals into intuitive, responsive, and meaningful products.

Experience

Rookie Ninja General Trading LLC / UI & Graphic Designer

May 2022 - Present • Dubai, UAE

- Design user-centered web interfaces and product landing pages, translating business and marketing requirements into clear, engaging digital experiences.
- Create user flows, wireframes, high-fidelity UI designs and interactive prototypes in Figma, with a focus on usability, responsive design and visual consistency.
- Apply UI/UX and design system principles to build consistent layouts, components and visual patterns across digital experiences.
- Collaborate with marketing, product and business teams to understand requirements and translate them into effective design solutions.
- Design conversion focused email campaigns, social media creatives and digital marketing assets supporting product launches, promotions and customer engagement.
- Use strong visual and graphic design principles including typography, hierarchy, colour, composition and branding to strengthen digital experiences and brand consistency.
- Create motion graphics, product videos, packaging and event collateral, maintaining a consistent visual identity across digital and physical touchpoints.
- Iterate on designs based on stakeholder feedback, business objectives and user needs, balancing usability, brand requirements and technical considerations.

ANN Travels & Media / UI & Graphic Designer

Nov 2020 - Nov 2021 • Kerala, India

- Designed and maintained responsive UI experiences for travel and media websites, focusing on usability, intuitive navigation and visual consistency.
- Translated business requirements into structured layouts and user-friendly web interfaces across desktop and mobile experiences.
- Applied information architecture, visual hierarchy, typography and responsive-design principles to improve content clarity and navigation.
- Collaborated with development and marketing teams to ensure designs aligned with business objectives, technical requirements and brand guidelines.
- Created digital campaign creatives, social media assets and promotional designs supporting travel products, services and marketing initiatives.
- Maintained consistent branding and visual design systems across websites and marketing touchpoints.

Education

UKF CET / B-Tech Electrical and Electronics Engineering

2014 - 2018 • Kerala, India

Certification Courses

AI-Integrated UI/UX Designing [\(Course Certificate\)](#)

Gained practical skills in user interface design, prototyping, wireframing, and integrating AI-driven solutions to create engaging and intelligent digital experiences.

Skills

Product Design : UI/UX design, design systems, design tokens, prototyping, typography, user research, illustration, graphic design, AI workflow

Design Engineering : Design-to-code, component-driven development, design token architecture, AI-native/agent-based development, Gemini (Vertex AI), 0-to-1 product design and development

Tools : Claude Code, Claude Code Subagents, Chat GPT, Gemini, Adobe Firefly, Figma, Adobe Photoshop, Adobe Illustrator, Adobe After Effects, Adobe Premiere Pro, Adobe Lightroom, Blender, Notion

Interests

Photography, Drawing and Visual Sketching, Learning new and updated design skills, Reading
